

Lesson 15: Short to Long Vowels with a Final Silent E

Phonics Rule: When there are two vowels in a word, and one is a final silent e, the silent e jumps over the consonant or blend and makes the vowel say its Long Sound. The pattern is: **Consonant/Vowel/Consonant/"e"**.

Directions: Practice this list. First, read the short vowel word, then read its corresponding long vowel word, saying, "The vowel says A, the word says BATE."

CHALLENGE WORDS:
